

K-LOVE is very important to me, a listener and a supporter of this radio station. K-LOVE is such a positive and encouraging part of my day and to many in my listening area. K-LOVE brings a breath of fresh air in an otherwise stale world. I listen to K-LOVE on 88.9FM and even now I have a hard time getting the signal on some days. Please do not allow something else to take priority over this national broadcast. Even on vacation, I can sometimes pickup MY K-LOVE station in other states. Thank you for your time.
